PUBLISHERS NOTE

This directory contains public information gathered by an actual door-to-door canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the Directory.

INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY presents to subscribers and the general public, this, the latest edition of the Chapel Hill City Directory. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,400 city and suburban Directories).

Confidence in the growth of Chapel Hill's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residences, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the city. The Buyer's Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, home owner symbol, telephone number and address of each adult resident, and the name, official personnel, nature, telephone number and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residents and business concerns are arranged in numerical order under the name of each street, and the names of the householders and

84/696
(Hill)

concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

This publication also contains an Orange County Rural Residents Directory printed on white paper immediately following the Numerical Telephone Directory.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and rel iable advertisements of Chapel Hill and vicinity.

The Chapel Hill Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Chapel Hill Directory, a Directory Library is maintained in the offices of The Greater Chapel Hill-Carrboro Chamber Of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Statistical Review

HISTORY

Chapel Hill is the site of the University of North Carolina. The corner stone for U.N.C. was laid in 1793 and the University opened its doors to students in 1795. It thereby became the first State University in the United States to admit students and send them out into the nation bearing a State University diploma. Prior to the Civil War, the University reached a peak of 456 students in 1858. During World War II the University trained more than 20,000 aviation cadets through the U. S. Navy Pre-Flight School. Student enrollment continued to grow steadily after World War II, and today there are over 20,000 students enrolled at U.N.C., Chapel Hill.

Carrboro had its beginning in 1882 with the extension of a railroad to serve the University of North Carolina. With the railroad came University Station. Shortly after the Station was constructed, a cotton gin, a flour mill, and a blacksmith shop were also built.

POPULATION-Chapel Hill: 37,000 (Town estimate); Carrboro: 10,000 (Town estimate), Township: 50,212; Orange County: 76,603. (All figures include U.N.C. Students living off campus.)

LOCATION-On a granite plateau, Chapel Hill and Carrboro occupy the southeastern corner of Orange County, almost the geographical center of North Carolina. Elevation is 500 ft. above sea level. Located on Highways 54, 86, 87. Ten miles west of Durham, 29 miles west of Raleigh, 34 miles north of Sanford, 50 miles east of Greensboro.

TRANSPORTATION-Chapel Hill and Carrboro have a private airport owned by U.N.C., which has two runways over 4,000 ft. long; 3,600 ft. of one runway is paved and lighted. The Raleigh-Durham Airport is sixteen miles away and is served by United, Eastern, Piedmont, and Delta Airlines. Carolina Trailways and Queen City Buslines serve the area with a modern bus terminal in Chapel Hill. A public transportation system serves the greater community. Seaboard Coast Line Railroad Co., Raleigh (30 Miles).

CLIMATE-Average winter temperature is 48.5 degrees F. The average summer temperature is 71.7 degrees F. Average mean temperature is 59.6 degrees F. Annual rainfall averages 45 inches and the average snowfall is 8 inches.

GOVERNMENT-Both Chapel Hill and Carrboro are governed by a Mayor, Town Council, and Town Manager system. Chapel Hill's tax rate is $1.31½ per $100 evaluation. Carrboro's is $1.10, and Orange County's is $1.26½ (including school tax), all based on a 100% appraised value. The assessed valuation of Chapel Hill is $382,213,351. For Carrboro it is $81,295,659. Telephones in service total 51,328.

FINANCIAL DATA-Chapel Hill and Carrboro have 6 banks with total deposits of $12,829,455,882, and 3 savings and loan associations with assets of over $200,000,000.

ACCOMMODATIONS-The Carolina Inn is a University-owned and operated hotel on the edge of campus with 143 rooms, a public cafeteria and dining room, and private meeting rooms. The Holiday Inn is located across from Eastgate Shopping Center on U. S. 15-501 By-Pass. It has 135 rooms, a private pool, a restaurant and banquet facilities. The University Motor Inn, located on N. C. 54 just east of the campus, has 71 air conditioned rooms with a restaurant and golf course adjoining. The Hotel Europa, following completion in the fall of 1981, will have 172 rooms, conference facilities for 450 people or dining for 540 people, restaurant facilities for 180 people, a supper club, a pool and playground, and an overall resort atmosphere. There are eight other modern motels located within eight miles.

THE CAROLINA INN-Visitors and alumni find "Southern hospitality" at its best at the Inn, a gift to the University from one of its distinguished alumni.

ENTERTAINMENT-The Morehead Planetarium and Ackland Art Museum provide cultural entertainment along with the Carolina Playmakers Repertory and the Art School theatres offering frequent dramatic productions, and the N. C. Symphony Society's annual Concert series, the Chapel Hill Concert series, and the free concerts at the U.N.C. Music School. Three golf courses with year-round participation, and the Kerr Reservoir Area only 40 miles distant for fishing and swimming. Lectures, dances, a country club, five T.V. Channels, with cable T.V., three radio stations, a UNC Educational station, nine movie theaters, UNC Athletic events, and other campus attractions. A mecca for good food, there are more than eight dozen fine eating establishments, featuring every type of food.

BUSINESS AND INDUSTRY-Typical college town, University of North Carolina is the larg est employer in the area with a payroll of $130,621,429. North Carolina Blue Cross-Blue Shield is second with a payroll of $16,000,000. Over 500 business establishments offering every type of retail and professional services are available.

EDUCATION-In addition to the University of N. C., the community has an excellent public school system with 6 modern elementary, two junior high schools, and one senior high school. There are also many private nursery schools, kindergartens, and several elementary schools, as well as private classes in music, dance, dramatic arts, and paintingall are available through the YMCA, the Chapel Hill & Carrboro Parks and Recreation Departments, and the Art School in Carrboro.

HOUSING-There are more than six thousand apartment units in the Chapel Hill-Carrboro area. They are available in one, two or three-bedroom units. There are over fifty real estate dealers ready and willing to help you locate in the community. Homes are available in almost every price range. There are many attractive building sites available also.

MEDICAL FACILITIES-This community is blessed with the most outstanding medical complex in the southeast, consisting of N. C. Memorial Hospital, the N. C. Jaycee's Burn Center, U.N.C. School of Medicine, a separate psychiatric unit. School of Nursing, U. S. School of Public Health, Pharmacy School, and the nation's top Dental School. In addition to this, there are sixty doctors and fifty dentists in private practice. The South Orange Rescue Squad provides excellent ambulance coverage for the lower half of Orange and the Northern end of Chatham County.

CHURCHES, CIVIC AND SOCIAL ORGANIZATIONS-There are more than fifty churches and religious organizations that serve the greater community, of all denominations. There are also more than ninety social, civic, and educational clubs in the Chapel Hill-Carrboro Area. Included are Rotary, Kiwanis, Lions, Ameriican Legion, Jaycees, UNC Faculty Club, Masonic Lodge, Civitan, Altrusa and Exchange , just to name a few.

RECREATIONAL FACILITIES-The YWCA offers an indoor swimming pool, racket ball, gymnastics and a fitness center. Both Chapel Hill and Carrboro have active Recreation Departments which offer recreation and instruction to all age groups. There is a new Community Center which offers an indoor pool, an 8,600 sq. ft. athletic center with a regulation gym, and a 1,000 sq. ft. teen center. There are 3 golf courses available all year-round, and the Chapel Hill Tennis Club.

DOWTOWN CHAPEL HILL

Although the population of Chapel Hill has more than doubled in the past ten years, the Downtown area has kept its quaintness and charm.

Besides the major tourist points of interest, Chapel Hill provides many unique stores and restaurants. The major downtown area is Franklin Street. Here we have a long st retch of a variety of culinary delights and shopping adventures. These businesses are not only on the main sidewalk, but can be found upstairs in some of the buildings, in basements, and in side alleys.

University Square and the new "Courtyard" also provide fun in shopping and dining, as do many other establishments on Franklin Street, Rosemary Street, and Henderson Street.

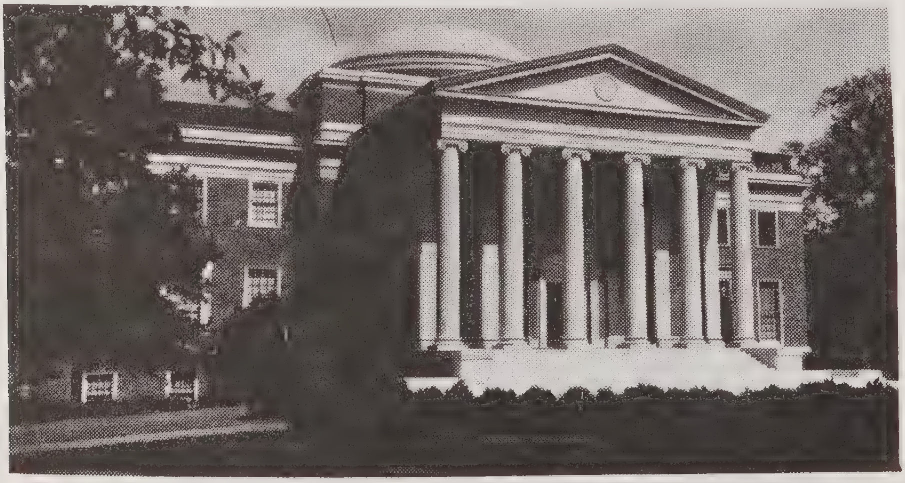
DOWNTOWN CARRBORO

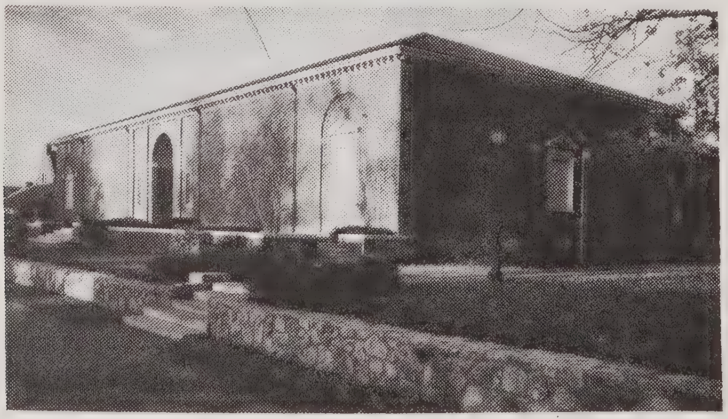
Downtown Carrboro, at first glance, appears to be a typical small town. But take a closer look and you will find a quiet charm nestled in the nooks and crannies of this small southern town. At the sight of the old railroad station is a unique restaurant and bar. Across the way, there is a farmers' market each Saturday. A most pleasant surprise is Carr Mill Mall, a shopping village in the "Old Cotton Mill". Carr Mill Mall is filled with sophisticated shops, a craft shop, a sandwich shop, and a delightful cafe, a very special restaurant, and furniture shops which are a treat to all. The upstairs is offices and the east end of the main floor is the Art Gallery and Auditorium, and the classrooms for the "Art School". Come to Carrboro and "enjoy"

POINTS OF INTEREST

MOREHEAD PLANETARIUM-The planetarium houses a Zeiss instrument for indoor star-gazing, one of three like it in the U.S., and the only one located on a college campus. The astronauts receive training in celestial navigation here. It also offers an art gallery with permanent and changing exhibits, and scientific exhibits. The adjacent rose garden has a mammoth sundial showing the time around the world.



MOREHEAD PLANETARIUM: Houses permanent and changing art exhibits and the Planetarium which provides a variety of shows, including lazer shows and special viewings for student groups.



ACKLAND ART MUSEUM: Home of the U.N.C. Art Department.

OLD WELL: Once was the center of campus and the only drinking source available.

PLAYMAKERS THEATRE: Originally a ballroom, this building also was a library, quarter s for officers mounts during the Civil War, and finally the home of the Carolina Playmakers.

ACKLAND ART CENTER-Home of the Art Department at UNC, has galleries which house temporary exhibitions as well as a growing permanent collection.

HORACE WILLIAMS HOUSE-First known as the "Hexagon House", the original part of this strange and rambling residence was built prior to the Civil War and owed its shape and name to chemistry professor Benjamin S. Hedrick, who believed that the form of a bee's honeycomb gives maximum strength. George T. Winston, Reconstruction University President, later occupied the premises. The House is now the home of the Chapel Hill Preservation Society. There are many arts and crafts shows and small recitals at the Horace Williams House throughout the year.

COKER ARBORETUM-Located on the campus of U.N.C., the arboretum has an extensive collection of over 400 species of temperate-zone plants.

OLD WELL-In the center of the U.N.C. Campus, the Old Well was virtually the only source of water for more than 100 years, and is the unofficial symbol of the University.

PLAYMAKERS THEATER (Smith Hall)-Named originally for General Benjamin Smith the University's first benefactor. Completed in 1850, it was first used as a ballroom for Commencement dances. It eventually became a library, and was used as quarters for the officers' mounts in 1865. It became a theater in 1918 when Professor Frederick Koch cam to Chapel Hill to establish the Carolina Playmakers.

DAVIE POPLAR-Located on the campus of U.N.C., the Davie Poplar is really a Tulip Tree, named for William R. Davie, head of a committee delegated to choose a site for the proposed University of North Carolina. According to tradition, on a warm summer's day i 1792, the trustees had a picnic lunch at its base. Reclining at ease, they decided the spot was ideal for the new University.

N. C. BOTANICAL GRADENS-The N. C. Botanical Garden has a variety of flowers, trees, and plants of the southeastern U. S. They provide various walking tours and classes for the community.

FOREST THEATER & BATTLE PARK-A small-scale version of an ancient Greek amphitheatre. It is located in Battle Park, a favorite picnicking area on the campus.

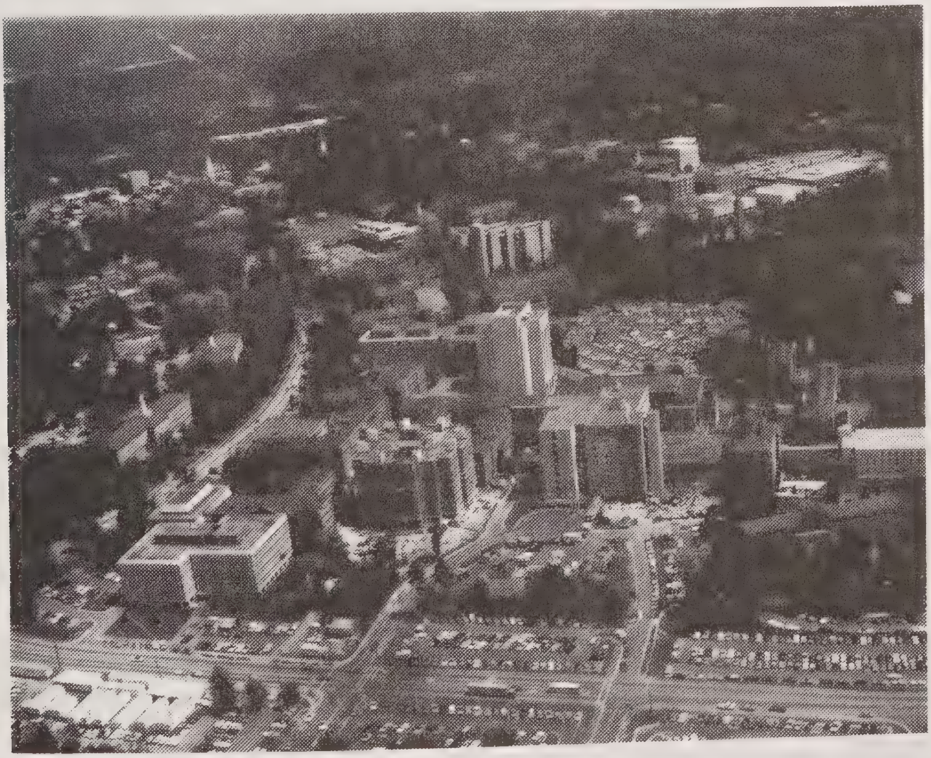
UNIVERSITY OF NORTH CAROLINA

The University of North Carolina at Chapel Hill is in a very real sense the mother of hundreds of state colleges and universities. These institutions had their humble beginning in the dark days of the American Revolution when the University at Chapel Hill was provided for in the State Constitution at Halifax in 1776.

Chartered in 1789, six years later, it became the first state university in America to open its doors to students. At that time, its physical plant consisted of a single building, Old East Dormitory, which is still in use today, and is the oldest structure on any state university campus in the country.

From its beginning, the University enjoyed a steady, healthy growth. In 1869, it stood at the forefront of American universities and had the second largest student body in America. In 1931, the State Legislature directed that the State College at Raleigh, the Woman's College at Greensboro, and the University of Chapel Hill be consolidated, and under unification, all three institutions have continued to make steady progress. While combined enrollment now exceeds 85,000, enrollment at the University at Chapel Hill is now approximately 20,400, and the faculty numbers more than 2,000. In addition to students in residence, the University has approximately 1,500 students enrolled in correspondence courses, and hundreds of off-campus extension classes and college centers.

FRANK PORTER GRAHAM STUDENT UNION CENTER



NORTH CAROLINA MEMORIAL HOSPITAL: A large complex housing the teaching hospital, the School of Medicine, the School of Dentistry and research facilities.

FRANK PORTER GRAHAM STUDENT UNION CENTER-This $2.3 million building was built and is being financed 100 percent by student funds. No tax money was involved in the building's construction, and none is being used in its operation. The 100,000-square-foot tri-level Union is the largest building in the new student court. The building has facilities for bowling, games, arts and crafts, billiards, student self-service lockers, a main assembly hall, meeting rooms, offices for student organizations and publications, a snack bar, reading lounges, a music lounge and individual music listening rooms, and public service facilities and building circulation.

GRAHAM MEMORIAL-The University of Chapel Hill comprises 14 schools and colleges-the General College, the College of Arts and Sciences, the Schools of Education, Business Administration, Law, Medicine, Pharmacy, Dentistry, Public Health, Library Science, Nursing, Journalism, Social Work, and Graduate School. The Division of Health Affairs was established in 1949. Its physical plant embraces almost 1,700 acres and approximately 125 permanent buildings, valued at approximately $135,000,000. It is the oldest state university in the nation, founded in 1793, near the geographical center of the state. With pride in cultivating the natural beauty of the region, the campus is among the most attractive in the world.

Several years ago, the American Council on Education sponsored a Survey of departments qualified to give Doctor of Philosophy degrees. It found more such departments at the University than any other, south of Baltimore and east of the Mississippi. In two surveys made by the United States Navy incident to the location of one of its Pre-Flight training schools, the University was adjudged the most desirable in the south and east.

The Division serves as a teaching-research-therapy center for training of professional men and women on the street level, as interns and residents, and as experienced professional specialists concerned with further post-graduate development.

MEDICINE

The School of Medicine was established in 1879, and became a four-year school with a teaching hospital attached in 1952.

The School has the approval of the Association of American Medical Colleges, of the Council on Medical Education and Hospitals of the American Medical Association.

Departments in the School of Medicine are divided into the following parts: Anatomy, Anesthesiology, Area Health Education Centers Program, Bacteriology & Immunology, Biochemistry & Nutrition, Cancer Research, Community Medical Care, Dermatology, Family Medicine, International Training in Health, Medical Allied Health Professions, Neurology, Obstetrics & Gynecology, Ophthalmology, Pathology, Pediatrics, Pharmacology, Physiology, Psychiatry, Radiology, and Surgery.

The School of Public Health trains students and performs activities for the "body politic" that the School of Medicine does for the individual.

It is one of the new public schools in the nation and has both a national and international reputation for teaching and research. It trains doctors, nurses, sanitarians and other technicians and special health educators. There is departmental instruction in Biostatistics, Community Health Services, Environmental Sciences & Engineering, Epidemilogy, Health Administration, Health Education, Maternal & Child Health, Nutrition, Occupational Health Studies Group, Parasitology and Public Health Nursing.

STANDARDS

The University is a member of the Association of American Universities, and several of the colleges, schools and departments have attained national distinction in their special academic spheres.

The General College

Most freshmen and sophomores in the University enroll in the General College. For two years they follow the basic and liberal subjects constituting the foundations of that general education which is regarded as essential to balanced development and intelligent citizenship.

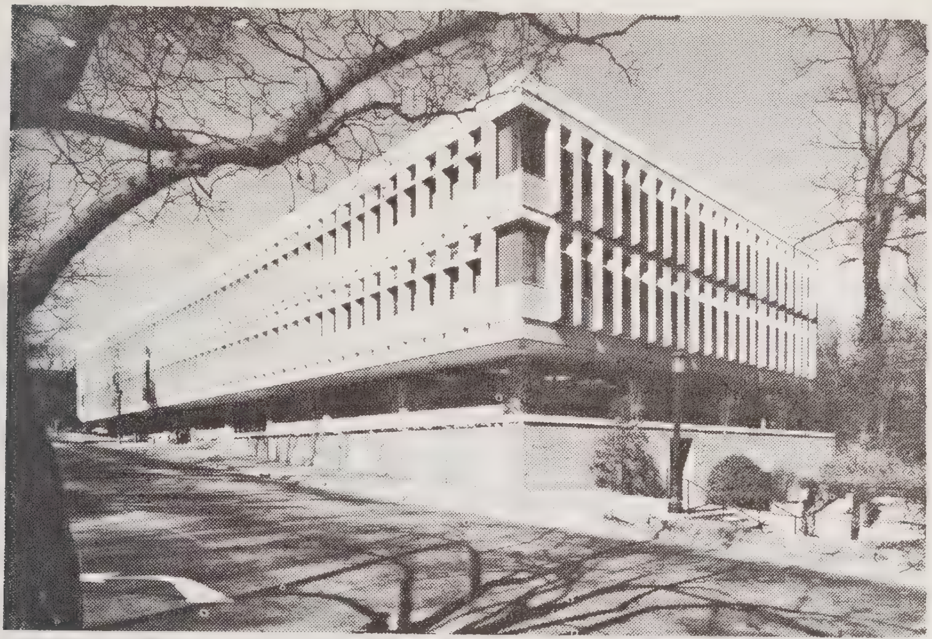


Photo Courtesy of University of North Carolina News Bureau
DAVIE HALL-Named for William R. Davie, the man who selected the site for the University, this building is one of the newest and most modern on campus. It houses the Psychology Department and has received an architectural award.

A feature of the General College is the extent of guidance and personal counseling available to students. Each student is the special charge of a faculty adviser.

ARTS AND SCIENCES

The College of Arts and Sciences is the largest single academic unit of the University, enrolling the majority of the undergraduates. After two years of General College study, most students not following specialized or other professional courses are assigned to the College of Arts and Sciences, admission to which is governed in part by maintenance of at least a "C" average of the previous two years.

Departments of instruction in the Arts and Sciences include Art, the Classics, Dramatic Art, English, General and Comparative Literature, Germanic Languages, History, Journalism, Music, Philosophy, Radio, Religion, Romance Languages, Economics, Education, Physical Education, Political Science, Psychology, Sociology and Anthropology, Botany, Chemistry, Geology and Geography, Mathematics, Physics, and Zoology.

The College prepares students for bachelor of arts and bachelor of science degrees, or provides preparation for advanced professional and graduate studies.

BUSINESS ADMINISTRATION

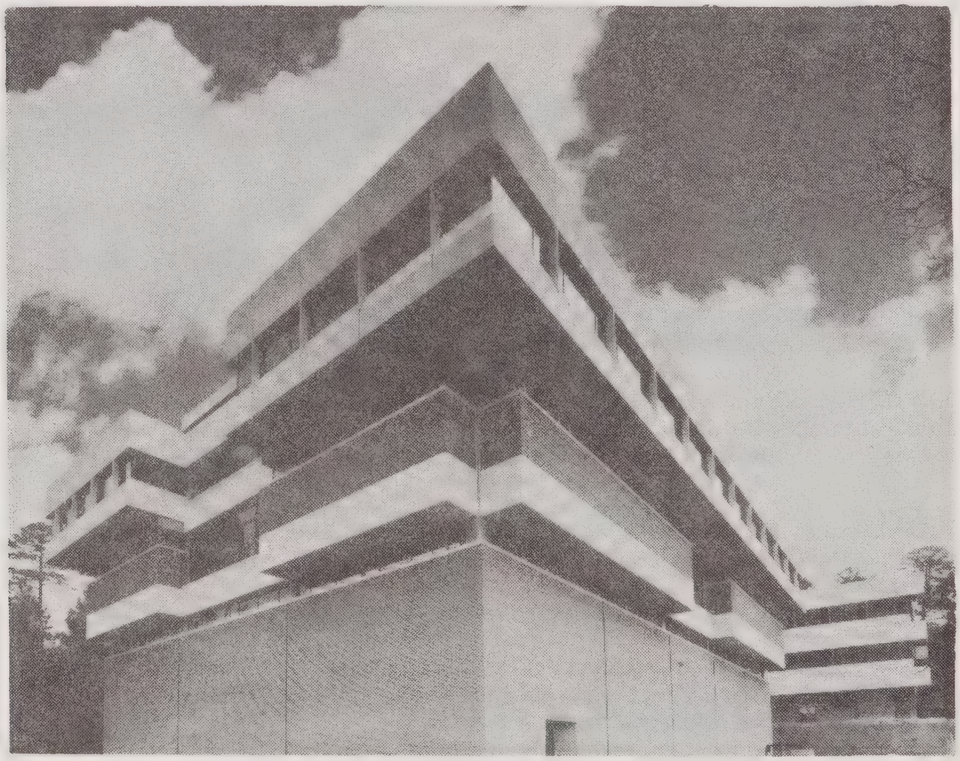
The School of Business Administration occupies a place in the University organization coordinate with the other professional schools and the College of Arts and Sciences. The School is a member of the American Association of Schools of Business.

Main programs are in accounting, economics, statistics, marketing and personnel, with courses in insurance, advertising, business law, production, purchasing, traffic problems, wholesaling, retailing sales management, taxation, finance, banking, scientific management, collective bargaining, labor problems and transportation. In addition to the graduate and the undergraduate programs is the Executive Program, a project in advanced management for a selected number of leading business and industrial executives.

Law

The School of Law is one of the approved law schools of the American Bar Association, and is a member of the Association of American Law Schools. It is housed in the new Van Hecke-Wettach Law School Building on the south-east end of the campus.

Undergraduates who have completed at least three years of acceptable work toward a baccalaureate degree at an approved college or university are eligible to enter the School of Law.



Van Hecke-Wettach Law School

CHAPEL HILL-The $2.6 million Van Hecke-Wettach Law School Building at the University of North Carolina here is the latest and most modern of law-training-oriented institutions in the United States today. More than 600 students are enrolled. The building will accommodate up to 700 students. The contemporary-functional architecture building is completely equipped with expanded classroom, library, office and courtroom facilities. The library houses some 120,000 volumes but has space for approximately 300,000 books. The classroom wing is built of poured-in-place concrete columns and girders with pre-cast, pre-stressed concrete double tees for the floors and roof. The library is of poured-in-place columns and "waffle" (concrete) slabs. Its exterior walls are brick on both sides. The structure is air-conditioned. Much of the interior woodwork is stained oak. Kenneth S. Broun is Law School Dean.

HEALTH COMPLEX

A seven-in-one Division of Health Affairs is sometimes called a health university within a university. The seven-fold health complex includes School of Medicine, School of Pharmacy, School of Public Health, School of Dentistry, School of Nursing and Teaching Hospital, the North Carolina Memorial Hospital and Gravely Sanatorium.

PHARMACY

The Pharmacy School was established late in the 19th Century because of the urgent demand of pharmacists in the state, and the demands for more and more pharmacists continues past the mid-twentieth century. The American Council on Pharmaceutical Education accredits the school Class A.

NURSING

The School of Nursing offers a four-year curriculum leading to a bachelor of science degree in nursing. The students of nursing take a full part in campus academic, political and social affairs. The School of Nursing is accredited by the National League for Nursing.

DENTISTRY

The School of Dentistry operates a superior program of training for dentists, dental technicians, and dental hygienists. Besides producing students, the school conducts post-graduate courses for dentists throughout North Carolina. It is a Class A School, so accredited by the American Dental association.

EDUCATION

Closely connected with the public school system of the state is the School of Education which trains those men and women who wish to follow elementary and high school teaching as a career.

The School is recognized for the high quality of its work in preparing teachers for jobs and for its success in placing students in higher positions in the schools and for special courses, in the summer and in regular semesters, which benefit teachers working for higher degrees and certificate credits.

COMMUNICATIONS

A prominent new feature of higher education is the use of television together with radio and motion pictures, all three utilized with conjoined efficiency in the Department of Radio, Television, and Motion Pictures, a part of the UNC Communications Center.

All aspects of broadcasting and film production are taught-including announcing, acting, script writing, visual aids, production, commercial phases of the communications and operation of equipment.

Allied with the department is WUNC-TV, an educational television station broadcasting on Channel 4, and a frequency modulation radio station, WUNC.

JOURNALISM

The School of Journalism seeks to give more than practical training to those wanting to become newspapermen. The school also has high standards and insists upon thorough arts and sciences training as a preliminary to training in journalism. The school trains both graduate and undergraduates, and many newspapermen of national standing are among the alumni of UNC's School of Journalism.

SOUTH BUILDING-The office of the Chancellor and other administrative officials are located in South Building, atop is a bell to keep students posted on class times.

INSTITUTE FOR RESEARCH IN SOCIAL SCIENCE

The Institute for Research in Social Science performs a vital service for state and nation in finding facts that are useful for society. This is performed by channeling the tremendous educational resources of the University into practical outlets-in service to the state and federal governments, to separate governmental organizations in the state, to non-profit foundations and agencies.

LIBRARY

The University Library is unquestionably the heart of the University's life. It is truly one of the distinguished libraries in the region and contains many fine collections, majoring in the Southern Historical Collection and a collection of North Carolina historical and other volumes. The main library collections are housed in the Louis Round Wilson Library building, a magnificent structure which is a center of campus activity for both students and faculty.

GRADUATE SCHOOL

Granting that much of the rank of a university rests upon the quality of its teaching on the graduate level as well as for undergraduates and also that respect for an achievement of basic and applied research is one of the hallmarks of a distinguished university. The University of North Carolina at Chapel Hill offers through its graduate school, awards, masters' and doctoral degrees in a wide variety of fields-in most departments of the college of Arts & Sciences, in several cross-disiplinary curricula, and in a broad array of professional schools.

SOCIAL WORK

The School of Social Work has developed from an earlier School of Public Welfare in accordance with a University policy of meeting the varying needs of the state and

WILSON LIBRARY-One of the finest libraries in the region, the library contains more than 2,500,000 volumes. Main features include the North Carolina Collection, the Southern Historical Collection and the Rare Book Room.

Southern region. It is accredited by the Council on Social Work Education, and its program for the training of Psychiatric Social Workers is approved by the American Association of Psychiatric Social Workers.

INSTITUTE OF GOVERNMENT

The Institute of Government is a unique grassroots program of instruction and guidance for officials in North Carolina charged with responsibility for county, city and state government.

Officials of county courts houses, city halls, the state capitol and other centers of government come to Chapel Hill for special conferences and clinics taught by trained instructors.

Besides bringing court judges, tax collectors, registrars of deeds, jailers, sheriffs and the like to Chapel Hill for specialized instruction, the Institute of Government also conducts special surveys in all parts of the state for local governmental improvement. The Institute bridges the gap between the way law is taught in the classroom and the way it is practiced in the court houses, combining theory with practicality with a harmonious design.

LIBRARY SCIENCE

The School of Library Science trains graduate students in the profession of librarian. The school has high standards and is a reservoir of talent for libraries of the state, in public schools, and in college and university libraries over the country.

The School is accredited by the American Library Associations.

EXTENSIONS

Besides instruction of students enrolled in the University, there are thousands of other students who take correspondence courses or enroll in special short courses, clinics and institutes. The advantages of the University in teaching and in other ways are made available to the people of the state and region by the University Extension Division.

DRAMATIC ARTS

The Carolina Playmakers are distinguished for their development of folk drama, training both playwrights and actors and fostering the growth of outdoor dramas which has gained international recognition in the world of dramatics. What the little theatre is to a community, the Carolina Playmakers have become in North Carolina and the region. The national attainment of some of its alumni testify to the worth and fervor of the playmakers who are so integrally a part of the Department of Dramatic Arts.

UNC PRESS

The University of North Carolina Press has published books and periodicals of interest since 1922. The Press issues a large number of volumes annually. It is a member of the American Association of University Presses.

CHASE CAFETERIA-One of the newest and most modern cafeterias on a university campus in the country, Chase Cafeteria is designed to feed 5,000 students per meal. With its glass walls and marble kitchen floors, it has been called the "most beautiful college cafeteria in the U. S." and has won a food service trade award. In the background is the new multi-storied Morrison Residence Hall.

Custom Building is our specialty. The design is your choice. If you can find your dream house on the market, that's great! But too often the limited supply of houses on the real estate market or the combination of style and lot are just not what you want. Find the style and layout of rooms you want and select the features to reflect your style of living, while we take care of the details to make your home solid, efficient, and secure. We will build on your lot or help you locate one if you are looking. Often we own or have access to building lots in several price ranges and locations. In the time of a few months you can be living in the home of your dreams rather than settling for second best.

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CASHIERS! TELLERS!
CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

NUMERICAL TELEPHONE DIRECTORY
BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.
